

Dear Sir,

Greetings from Allana Group

The Allana Group is India's largest exporter of processed food products and agro commodities, including Frozen / Chilled Meat, Processed / Frozen Fruit and Vegetable products, Coffee, Spices and Cereals. We export to the requirements of over 85 countries while maintaining the highest standards of quality in procurement, manufacturing and distribution.

Our world class integrated processing units and cold storages along with state-of-the art machinery have helped us evolve into a multidimensional and multiproduct conglomerate. We ensure all our processes are duly accredited by leading international organizations.
